Property Sentiment Report

\$200 / MONTH

INCLUDED IN ENHANCED & PREMIUM

Monthly review aggregation across Expedia, Google, and TripAdvisor — surfacing service gaps, emerging trends, and overall guest sentiment so the social plan responds to what guests are actually saying, not guesswork.

* Premium includes quarterly on-property photography & videography planning; shoot logistics are coordinated with the property team.

RECOMMENDED AT EVERY TIER Have someone on property who can occasionally grab short, casual video for live Stories. It costs nothing, keeps the feed current between scheduled posts, and meaningfully lifts organic reach across all three platforms.
